MEMORANDUM FOR: Deputy Director for Intelligence
FROM: Director of Central Intelligence
SUBJECT: Support to Secretary of HUD

1. On the 26th of May, I had a discussion with the Secretary of HUD about what support we might provide to her. One topic that arose was that of an exchange of information program with the Soviet Union on housing techniques. This program has been in existence for some time and there are regular meetings on it. Sometime in mid-June, Mrs. Harris is going to the Soviet Union for the next in this series.
